

MEETING OF THE COUNCIL

participating. Consideration will be given in the event of bad weather and a further COVID-19 Risk Assessment will be undertaken in the event of someone testing COVID-19 positive on the day.

The Senior Tutor thanked the President and the Vice-President for their hard work to date. Council will continue to keep this proposal under review and plans may progress to the next stage.

(iii) **Welcome to the UCS representative**

Council formally welcomed the new UCS representative, Lily Rafalin, and thanked the outgoing UCS representative, Ella Nevill.

(iv) **AccessAble**

The Estates Committee at its last meeting on 24 February 2021 approved of the proposal to participate in the AccessAble Audit and App. This has been recommended by the General Purchasing sub-committee to all Cambridge colleges, and had been taken up by the University and its Disability Resource Centre. The App allows for potential students, members of the College, and conference guests to understand how they would navigate to a particular room and what obstacles they would encounter. Council formally approved of the request to use the College's coat of arms on the homepage of the App and website.

(v) **Health and Wellbeing Support and Advice Form**

The Senior Tutor circulated the draft Health and Wellbeing Support Form. This would give students an additional means of obtaining support and advice. The UCS representative formally thanked the Senior Tutor for this initiative. Council formally approved of the form.
